ECONOMIC LAW**TO THE QUESTION OF THE ORIGIN OF SPECIAL TAX REGIMES**

© 201 Dyba Maksim Alexandrovich

Moscow State Law Academy after named of O.E. Kutafin

Russia, 123995, Moscow, Sadovaya-Kudrinskaya st., 9

E-mail: onwardtoparadise@mail.ru

There is no definition of special tax regime in the current tax law. In this article the author shows his definition of the special tax regime on the basis of developments in financial law as well as the history of taxation in Russia in the 20th century. Under the influence of tax practices of the past special tax regime definition provides a new view at the tax legislation of the 20th century, and also enables alternative interpretation of the future tax legislation. Special tax regime is an exceptional fiscal practice aimed at solving specific (force-major) problems. This is the main idea of the current article.

Key words: special tax regime, history of taxation, definition.
