Samara State University of Economics, Samara, Russia

The article deals with topical issues of a new conciliation procedure – judicial reconciliation. Its legal essence, principles and legal regulation are sanctified. A comparative analysis of judicial reconciliation with other conciliation procedures is conducted. Based on this, the paper identifies the advantages and disadvantages of the procedure under study, identifies problematic aspects in its application in practice. The author comes to the conclusion that the idea of involving professional judges in pre-trial dispute resolution is quite interesting and promising, it has long been used by foreign countries, but today, this procedure still requires more detailed legislative regulation.

Keywords: Legal conflicts, mediation, the Supreme Court of the Russian Federation, judicial reconciliation, conciliator principles

Samara State University of Economics, Russia, Samara
E-mail: kotyhova2011@mail.ru

At the present stage of development of information technologies in the system of conducting arbitration proceedings, it is important to address the issues of optimal use of the created technical capabilities. Today, there are various problems in electronic document management: from individual issues in the implementation of office work to determining the legitimacy of electronic documents. An electronic document in the judicial system of the Russian Federation is a type of written document and must occupy a separate place in the structure of evidence.

Keywords: office management, document management, court, electronic document, electronic document management, information technology.

SOCIAL INTEGRATION OF FOREIGN STUDENTS WITH DISABILITIES
